

## Program

*Human-animal entanglements:  
communities of practice in the zooarchaeological record*

This seminar/workshop will consist of two days, in which zooarchaeology scholars will share their different analytical and interpretative methodologies. In the morning, guest lecturers will give a 30 minute talk followed by a 15 minute Q&A session. In the afternoon, lab practicals will be conducted to apply the knowledge acquired in the morning lectures.
