GTGC Conference

Campus The Hague, 5-7 June 2024

Presents:

Roundtable II: Alternatives to Multilateralism?

Mutual reflection among high-level practitioners addressing:

- ▷ **Transgovernmental networks**
- ▷ **Translocal initiatives**
- ▷ **Private regulation**
- ▷ **Multistakeholder arrangements**

6 June, 1100-1230 + lunch

Schouwburgstraat 2, 2511 VA The Hague
Room A0.06

While global policy challenges grow, traditional intergovernmental global governance through multilateral organizations has largely stalled. Not surprisingly in this context, problem solvers look to different kinds of institutional frameworks for global governance. Such alternatives include informal transgovernmental networks, translocal collaborations among cities, private governance mechanisms, and multistakeholder initiatives. This round table assembles policy practitioners with rich experience of these new directions in global governance to assess the advantages and limitations that these alternatives offer relative to traditional multilateralism.
